### **CADAN APPOINTS WILLIAM D. GOODE AS DIRECTOR TECHNICAL DEVELOPMENT**

CADAN RESOURCES CORPORATION (CNF-V) (the “Company”) is pleased to announce the appointment of Mr. William D. Goode as a Director Technical Development of the Company.

Mr. Goode is a Graduate of the West Australian School of Mines in Mining Geology and Mine Surveying and holds a current Underground Supervisor’s Certificate of Competency. He has more than 45 years’ experience in geology, mining and mineral exploration, including resource calculations. His experience covers gold, silver, base metals and uranium exploration and mining in Australia and Asia.

He has previously held the position of Chief Geologist at Lake View and Star’s Fimiston underground gold mine and was assistant Chief Geologist for Great Boulder Mine’s three underground nickel mines where he gained extensive experience in nickel exploration. He was Chief Mine Geologist for Metals Exploration in the Philippines (1974-76) and Australia.

Since 1981, he has worked as a consulting geologist and owned and operated underground gold mines. During this period, he conducted resource calculations for several major international mining companies. Mr. Goode also has industry experience in financing, prospect identification and ranging from the development to the pre-mining feasibility stage.

Cadan President and CEO Mr. Brett Taylor said that the Company is delighted to welcome Bill Goode to the Board as the Company will benefit significantly from his experience, knowledge and expertise in resource definition and calculations and underground mining operations.

This appointment continues the progress of Cadan as it advances drilling at its Comval Copper-Gold Projects and implements the progressive development and production of the T’Boli Gold Silver Deposit.

##### ends #####

Cadan Resources Corporation is a junior exploration Company with operations in the Philippines and Colombia and trades on the TSX Venture Exchange (Canada) with trading symbol CNF-V.
