**CADAN ARRANGES A NON-BROKERED
PRIVATE PLACEMENT OF \$1,500,000**

CADAN RESOURCES CORPORATION (CNF-V) (the “Company”) is pleased to announce that subject to regulatory acceptance, the Company is arranging a non-brokered private placement consisting of up to 15,000,000 units of the Company (“Units”) at a price of \$0.10 per Unit for gross proceeds of up to \$1,500,000. Each Unit will consist of one common share of the Company and half of one common share purchase warrant (each whole such warrant, a “Warrant”). Each whole Warrant will entitle the holder thereof to acquire one common share of the Company for a period of 24 months at a price of \$0.15 per common share.

The gross proceeds from the private placement will be used to advance development of the T'Boli gold-silver deposit and detailed exploration of surrounding area, further drilling and leaching analysis of the Tagpura-Kalamatan porphyry copper-gold property and to provide the Company with additional working capital.

All securities issued in connection with this financing will be subject to a four-month hold period.

The Company may pay a finders’ fee of up to 5% of the gross proceeds in connection with a portion of the financing. In addition, finders may also be granted non-transferable finders’ warrants entitling the holder to purchase that number of shares equal to 10% of the number of Units sold at a price of \$0.10 per share for a period of one year after closing.
